

LOW ASSESSMENT IS FIXED

SIX GREAT INTERESTS ARE ABSORBED IN ONE CORPORATION

LISTED AT \$5,000 PER MILE

State Board Fixed the Rate with No One to Speak for Vigo County for Increased Valuation.

(Special to The Indianapolis News.)

TERRÉ-HAUTE, Ind., August 5.—When it becomes publicly known that the street railway company's assessment for taxation is not only not more than one year ago, but even less, there will be an astonished and disgruntled community. One year ago the Terre Haute and Brazil street railway was assessed for the county, and the only reason the County Board of Review permitted the assessment to stand at that figure was the plea of Manager Kidder that the company was making a heavy outlay for improvements which would properly come in for taxation this year; frankly admitting that the assessment would be returned at a greater amount.

One year ago the Terre Haute and Brazil companies were separate corporations, but this year the Terre Haute street railway, the lighting plant, the electric heating plant, the interurban line, the Terre Haute and Brazil street railway and the Brazil lighting plant are all in the one corporation, and the total assessment is only \$50,000. When the Vigo County Board of Review took up the assessment this year the board was informed that under the new State law, by which the State Board of Review fixes the assessment of street railway property on a mileage basis, the county board could not assess the power-house plant and was, indeed, restricted to the lighting plant and the steam heating plant.

Fifty Thousand Less Than Last Year.

The company wanted to put this in at \$60,000, but the board insisted on \$50,000. Now the State Board has fixed the rate at \$50,000 a mile, \$5,000 a mile for rolling stock, \$2,000 for improvements on right-of-way and \$2,000 per mile on side track. There are 22.4 miles of main track, including the street railways of the two cities, and the interurban line. At the outside the assessment for Vigo county will not be \$200,000, including the lighting plant and the heating plant, which means taxation on \$50,000 less than last year. Since the assessment of 1900 many thousands of dollars in betterments have been made. The old Terre Haute street railway, which was assessed at \$100,000, was sold, and a bonded indebtedness of not less than \$100,000 several years ago, and since then the property has been vastly improved and made more valuable. The cost of the property to the Boston street railway was \$100,000. The Terre Haute street railway was sold at a bargain by reason of the shrewd work in obtaining options and bonds issued, and the Terre Haute street railway was sold at a bargain by reason of the shrewd work in obtaining options and bonds issued, and the Terre Haute street railway was sold at a bargain by reason of the shrewd work in obtaining options and bonds issued.

Low Assessment a Surprise.

Competent authority says the Terre Haute part of it alone will pay 5 percent on \$100,000. How it came to be listed at only \$5,000 a mile by the State board is not understood here. No one was called before the board to speak for the county, and as no one was called, what was said in the beginning of this story, hardly any one in Terre Haute is aware that the State board has placed such a low valuation on the property, or, indeed, that the manner of assessment has been changed. A member of the County Board of Review was unaware of the facts until he was told of them. The News correspondent last night. He was astounded. While the Terre Haute company is assessed at \$50,000 a mile, Lafayette is \$25,000, Evansville \$12,000, Ft. Wayne \$15,000, Kokomo \$10,000, Logansport \$10,000 and Richmond \$10,000. Terre Haute is assessed at the lowest rate per mile of any company in the State, with mileage of more than two or three miles.

Great Value of Urban Transportation.

The story of the Terre Haute street railway from its inception is a fine illustration of the great value of urban transportation. Originally it was a stock company of \$10,000, organized by Chauncey Rose, with less than a mile of track. It was built for the purpose of pulling business from the river to the east along Main street to where his holdings of property began. Terre Haute, like most of the river towns, was laid out for business streets paralleling the river, but Mr. Rose diverted the street to the other direction. It is said that the \$10,000 capital stock was not paid in; money was borrowed to build the line, and the company received no compensation. When Russell Harrison entered the city, he was determined to get the street lighting contract. The City Council gave him a franchise for thirty years for lighting, heating and power. When the interurban line was started, the property committee gave the franchise for nothing, and did it without the public being informed of the action until after the franchise had been granted.

Absorbed the Freight Business.

The company's city franchise for a street railway does not give the privilege for freight business, but this traffic has increased to such an extent that the company is largely adding to its facilities. It has practically taken all the freight business between Terre Haute and Brazil from the Vanderburgh Company.

Selected for Permanent Home.

(Special to The Indianapolis News.)

LOGANSPORT, Ind., August 5.—Mr. and Mrs. J. W. Stewart, who have been abroad for a year, will return to Logansport to reside. Mr. Stewart is the daughter of Rufus M. Stewart, ex-minister to Norway and Sweden. Dr. Stewart has spent several months in medical universities while abroad, and will resume the practice of his profession.

Something New...

A flat set high rolled brim suit hat. JUST OUT. In all colors—Pearl, Slate, Drab or Black—For.

This hat will be THE style this fall. It is a new one.

DANBURY HAT CO.

100 E. Washington Street

HORSES BURNED TO DEATH.

They Could Not Break Loose from a Flaming Mass of Straw.

MACFARLANE, Ind., August 5.—While helping his neighbor, Albert Leedy, drive to near the engine, while preparing to unload, and his wheat took fire from a flying spark. The horses ran away, and continued running until stopped by a fence, which threw the burning mass overboard. The horses were badly burned, both dying within a few hours.

Aged Minister Severely Injured.

(Special to The Indianapolis News.)

RICHMOND, Ind., August 5.—The Rev. Enos Harvey, of Fairmont, a minister of the Friends' church and a member of the Indiana Yearly Meeting, was in the act of boarding an electric car last evening for the purpose of attending the Bible conference at Earlham College, when a sudden jerk threw him to the pavement, striking violently on his head. He was unconscious at first, and soon after he was badly burned, both dying within a few hours.

Picked a Torpedo with a Knife.

BRAZIL, Ind., August 5.—Eveline Cane, ten years old, and Fay Hixon, eight, daughters, respectively, of Thomas Cane and William Hixon, found a railway torpedo, and, thinking it a box, attempted to open it with a knife. As the explosion was suddenly exploding, the girls' right arm and side, and frightfully burning and cutting the Hixon girl.

Railway Engineer Crushed to Death.

TERRÉ-HAUTE, Ind., August 5.—John C. Sachs, many years an engineer on the Vandallia line, but long since retired, was suddenly killed while driving a car on the farm, by falling from his wagon. He was seventy-five years old.

POSTMORTEM REQUESTED.

RELATIVES DETERMINED TO KNOW CAUSE OF VICTIM'S DEATH.

WASHINGTON, Ind., August 5.—The body of James A. Gathier, who died at St. Scott, Kas., last week, will be disinterred for postmortem purposes, the wife whom he deserted in this city requesting that it be done to determine the cause of death.

One Year Ago Sadie Gathier, his niece, whom Gathier and wife reared from infancy, died under similar circumstances, and investigation disclosed that she had been betrayed by a man who was not sufficient to prevent her from being seduced. Some months later Gathier sold off much of his property, and with a few belongings, a woman, and nothing was heard from him until last week, when a telegram came from St. Scott, Kas., that he was dead of stomach trouble.

DRILLED THE POSTOFFICE SAFE.

Ready for the Explosion When the Game was Flushed.

RIEHOLES, Ind., August 5.—Following the lucky discovery by Deputy Postmaster Robert Parsons that burglars were plundering the postoffice, the capture of Roy Christian, fifteen years old, led to a confession by Christian that Harry Buchanan, seventeen years old, and himself, both of Memphis, Tenn., were induced by a man giving him the name of Harry Buchanan, to accompany him from St. Louis, Mo., to Indianapolis, Ind., where they were to be employed. It was an easy task to rob the postoffice. Collins and Buchanan were captured after a chase of several miles. Collins was committed to the Marion county jail. Investigation showed that the three had drilled the safe, and everything was in readiness for an explosion when Parsons flushed them.

ANOTHER HOMESTEAD AFFAIR.

It is Predicted by an Official of Illinois Steel Company.

MILWAUKEE, August 5.—If President Shaffer carries out his published intention of ordering a general strike it will mean the absolute annihilation of the Amalgamated Association and a second Homestead affair," said Superintendent George L. Reis, of the Illinois Steel Company. "It seems to me a mistaken policy to throw thousands of men out of work merely on a matter of some \$100,000. That is all the present strike amounts to in my opinion. The course of President Shaffer is calculated to wreck his organization and I believe he has made a great mistake in adopting his present policy."

RIGHT TO WASTE WATER.

Ownership in Dispute Between Lessee and Water Company.

FRANKTON, Ind., August 5.—O. P. Ring, running a cafe, uses a counter fan with water motor power, and after the water passes through the motor, for which he pays the Water Company, he utilizes the waste for restaurant purposes. The Water Company forbade this, and Ring refusing to obey, his water privileges were shut off. Ring claims that the waste water is his own, to do as he pleases with it, and that the Water Company is for motor purposes only, and can not be killed for other uses.

Killed His Horse While Delirious.

(Special to The Indianapolis News.)

NASHVILLE, Ind., August 5.—John Stillabower, cattle buyer, of Columbus township, Bartholomew county, left home Friday last to buy live cattle in Brown county, with several hundred dollars in his possession. When he reached this city he was delirious because of the heat, but he eluded the efforts of the authorities to place him under restraint. Still later he secured possession of his horse and buggy, driving away at a full pace and soon killing the animal. Night before last he was found at Mt. Liberty and placed under treatment.

Perhaps Too Young to be Punished.

(Special to The Indianapolis News.)

TERRÉ-HAUTE, Ind., August 5.—Police Judge Hawley has not yet reached a decision in the case of the four boys who burned the Hudson hominy mill property, their youthfulness rendering it doubtful if they are responsible under the law. Their names are Elmer Lewis, age eleven; Ray Gardner and George Poland, eight; and Kenneth Hart, seven. Their parents are unable to give bond. The insurance on the mill property is \$7,000, while the loss was \$1,000. The boys do not appreciate the gravity of their offense.

Eighty-Second Birthday Anniversary.

(Special to The Indianapolis News.)

PERU, Ind., August 5.—James M. Stutesman, father of the Hon. James F. Stutesman, has celebrated his eighty-second birthday, and is still hale and vigorous. He settled in Peru in 1833. Only one other person living in this city at that time is still here, Squire James B. Fulwider, who died in 1900, and who has served as justice of the peace for over fifty years.

Bite of a Spider Proves Fatal.

(Special to The Indianapolis News.)

MUNCIE, Ind., August 5.—Charles Patterson, bitten by a black spider, on a farm near here a few days ago, died yesterday. No hope of his recovery was entertained from a few hours after he was bitten. His body was swollen to nearly twice its normal size.

First Visit in Ten Years.

(Special to The Indianapolis News.)

VALPARAISO, Ind., August 5.—Miss Anna Sanders, for the past ten years doing missionary work in China, has returned home on a visit to her parents. She will return to the Orient in the spring.

RECORD SUNDAY AT CAMP

ALL MEETINGS REPORT LARGE ATTENDANCE.

WOES OF THE SPIRITUALISTS

Election of President to be Contested and Magnetic Healers Driven Out—Action Officials Encouraged by Attendance.

(Special to The Indianapolis News.)

ACTION, Ind., August 5.—Any faint lingering doubt which may have existed that Action would ever again see the great crowds which it once knew must have vanished yesterday at sight of the numbers which poured in from the trains and through the walled gate. They came by rail and across country, many of them arriving before the camp had got in the finishing strokes of its Sunday morning nap. The crowd of yesterday may in a degree help to decide the future of the camp, as it seemed to prove that Action might, through evangelistic efforts, rally the favor it once obtained.

This morning at 9 o'clock began a series of Pentecostal services, to carry out their aim of inspiring a more earnest life among the camp members.

Mrs. Amanda Smith, the colored evangelist, whose coming was awaited with some interest, gave talks on Sunday afternoon and Sunday morning. Those who have heard her before say that she is a powerful and eloquent speaker, and her songs and spontaneous humor are a continual delight to those to whom she is a familiar face.

A song service last night including a solo by Miss Jessie Linton and a duet by Miss Linton and Mrs. Linton.

Followed by a sermon by the Rev. J. W. McIntosh, of the Georgia conference, and a song service by the Rev. J. W. McIntosh, of the Georgia conference, and a song service by the Rev. J. W. McIntosh, of the Georgia conference.

BETHANY SUNDAY BOATING.

Marked the Beginning of More Liberal Policy.

BETHANY PARK, Ind., August 5.—The attendance at Bethany yesterday was the largest of any day this season.

The morning address was delivered by the Rev. A. McLean, of Cincinnati, who recently returned from a trip around the globe. The union communion service in the afternoon was conducted by the Revs. W. D. Starr and B. F. Assey.

In the evening the Bethany chorus gave an excellent song service, which was followed by a sermon, "The Great Example," by the Rev. B. T. Mann, of Shelbyville.

An innovation occurred yesterday afternoon, when opportunity was given for boating at hours when there were no exercises at the tabernacle. Never before in the history of the assembly has Sunday boating been permitted, and some one considered that it marks the beginning of a more liberal, expansive policy on the part of the camp.

The State Sunday-school convention held a two-days' session this forenoon. At 1 o'clock the Rev. E. B. Brown, of Franklin, delivered an address, "The Sunday-School Army." Then followed a conference of superintendents, led by T. J. Collins, of Indianapolis, and a conference of teachers, led by Mrs. C. H. De Vos, of conference primary teachers, led by Mrs. Mrs. B. B. B. B.

Temperance Cottage.

(Special to The Indianapolis News.)

LAPORTE, Ind., August 5.—The Indiana W. C. T. U. has decided to maintain quarters on the Indiana Baptist Chautauqua grounds at Pine Lake the coming year. A cottage will be dedicated to the use of temperance workers and one more days of the association meeting.

Small Volumes of Indiana History

UPLAND—Elijah Lyon, a bachelor, is dead from excessive use of ice water.

WARREN—Frank Coburn, of Spiker, who accidentally shot himself while hunting, is dead of his injuries.

NEW ALBANY—Samuel Marsh, Sr., eighty-three years old, died very suddenly of heart failure. He was formerly very wealthy.

RICHMOND—Joseph Fagan, foreman of the Robinson machine works, was shot, shot himself through the head, dying instantly.

PLAINFIELD—John Crayton, a pioneer settler, two years old, was found dead, seated on the side of his bed. He was in failing health.

BLOOMING—The late James M. Rice was an Odd Fellow, a member of the G. A. R. and treasurer of the Workingmen's Building Association.

EVANSVILLE—Two thousand dollars in Government bonds were found in the home of Mrs. Ada M. Schneider, resident of the southern Indiana Indiana hospital.

ELKHART—Anna Blass, a Lake Shore brakeman, fell under a train, his foot caught in the wheels, and he died of Bright's disease and he is in a dying condition.

VINCENNES—Daniel L. Bonner, police commissioner of this city, will make a third attempt to secure the Republican nomination for Congress in the Second district.

JEFFERSONVILLE—The marriage of Miss Marion Barrett, daughter of the late John Barrett, and James H. Armstrong, deputy county treasurer, will occur next month.

KOKOMO—J. Henderson, ex-Auditor of State, and family, who have been in Europe several years, are visiting relatives here, preparing to resume residence in Kokomo.

GASTON—The second attempt by Fagan, Miller & Co. to secure gas has resulted in a dry hole. A third effort will be made, the citizens covering the cost in case it proves a failure.

ANDERSON—While an electric car was bowling through the county Saturday afternoon, carrying the Board of County Commissioners, a board elected John Haskins treasurer.

SEASIDE—Cleveland Raney, a well-known young man, while assisting in erecting a local telephone exchange, was struck on a piece of rusty steel, which penetrated his foot, causing lockjaw and death.

MATTHEWS—Dr. Joseph Trask, who was snatched and robbed on Saturday night, has recovered from a professional call, has recovered consciousness, and may live. The identity of his assailant is still unknown.

VINCENNES—Nearly \$20,000 in receipts marked the first public sale of the personal property of the late John Haskins, which was included \$50,000 of head of deer, 20 head of horses, 30 head of hogs, 40 head of cattle and many agricultural implements.

ELKHART—While Miss Minnie Turner and her companion, Mrs. Eagle, were indulged in bathing, and Miss Turner jumped from a raft, intending to wash. The water was deep and she sank twice before she succeeded in clutching a boat, to which she clung until rescued.

ANDERSON—One of the local editors, in his funny column, published that L. D. Caldwell has invented a compound which he rubbed over his face twice a day to prevent him from melting, and that it was to be the art preservative of all art. Mr. Caldwell is now inundated with queries from all parts of the country, anxiously seeking information on how to preserve his face.

BEDFORD—Mrs. Nelson Fritch, of Bedford, whose husband shot and killed John Fritch, afterward residing in Bedford, has been committed to an asylum for the insane, because she was believed to be insane.

VALPARAISO—A man who has been doing missionary work in China, has returned home on a visit to her parents. She will return to the Orient in the spring.

VALPARAISO—A man who has been doing missionary work in China, has returned home on a visit to her parents. She will return to the Orient in the spring.

THE BIBLE CONFERENCE.

Five Thousand Students Expected at Winona Park.

(Special to The Indianapolis News.)

WINONA LAKE, Ind., August 5.—Winona's attendance is reaching and passing all past records. This week opens with a cottage and hotel population of about 6,000 people. The program and the special features this week, which include the Chautauqua Reading Circle, recognition day fete and the dedication of the golden gate-to-morrow, is probably as fine as is billed by any of the best Chautauqua centers in the West.

Lecturers are Anna G. Shaw, Arthur Beecher, Sam Jones, Isabel Garghill Beecher, J. H. Rogers, and others. The program is a memorable one. The business men have subscribed over \$2,000, and there have been many donations of labor and material. The demonstration will have many of the features of a street fair, and it is estimated that 20,000 people will be in the city. The local authorities have placed strands of electric lights across the main street, and the town will be lighted brilliantly at night.

A Great Dramatic Spectacle.

The grand parade will be given to-morrow morning, and prize drills in the afternoon. In the evening the dramatic spectacle, "The Battle of Tippecanoe," written and dramatized by Frank Stratton, of Kokomo, will be presented at Spencer Park. Business meetings will be held Wednesday, at 8:30, and the Haymakers' and Maud Mullers' parade at 10:30. Prize drills in the afternoon will be given, and the Haymakers' parade will be given at 10:30. The Haymakers' parade will be given at 10:30. The Haymakers' parade will be given at 10:30.

Some of the historical events which will be reproduced are the conference between Harrison and Tecumseh, the warpath of the Indians, the return of Tecumseh from the South, and vengeance on the prophet.

Origin of the Red Men.

The Improved Order of Red Men is a fraternal and benevolent order, and the oldest purely American order in existence. In 1785 the Sons of Liberty was organized, and it was the beginning of the Red Men. The Improved Order of Red Men, adopting freedom, friendship and charity as its motto, which has ever since been retained.

The order has grown with phenomenal rapidity, and is now found in every State and Territory, and also in the Hawaiian Islands. The membership is over 200,000 in Indiana, and nearly 250,000 in the United States. The first powwow was held in 1885 at Logansport, Ind., and since that time it has been held in Logansport.

The second powwow was held in Logansport, Ind., and since that time it has been held in Logansport.

The third powwow was held in Logansport, Ind., and since that time it has been held in Logansport.

The fourth powwow was held in Logansport, Ind., and since that time it has been held in Logansport.

The fifth powwow was held in Logansport, Ind., and since that time it has been held in Logansport.

The sixth powwow was held in Logansport, Ind., and since that time it has been held in Logansport.

The seventh powwow was held in Logansport, Ind., and since that time it has been held in Logansport.

The eighth powwow was held in Logansport, Ind., and since that time it has been held in Logansport.

The ninth powwow was held in Logansport, Ind., and since that time it has been held in Logansport.

The tenth powwow was held in Logansport, Ind., and since that time it has been held in Logansport.

The eleventh powwow was held in Logansport, Ind., and since that time it has been held in Logansport.

The twelfth powwow was held in Logansport, Ind., and since that time it has been held in Logansport.

The thirteenth powwow was held in Logansport, Ind., and since that time it has been held in Logansport.

The fourteenth powwow was held in Logansport, Ind., and since that time it has been held in Logansport.

The fifteenth powwow was held in Logansport, Ind., and since that time it has been held in Logansport.

The sixteenth powwow was held in Logansport, Ind., and since that time it has been held in Logansport.

The seventeenth powwow was held in Logansport, Ind., and since that time it has been held in Logansport.

The eighteenth powwow was held in Logansport, Ind., and since that time it has been held in Logansport.

The nineteenth powwow was held in Logansport, Ind., and since that time it has been held in Logansport.

The twentieth powwow was held in Logansport, Ind., and since that time it has been held in Logansport.

The twenty-first powwow was held in Logansport, Ind., and since that time it has been held in Logansport.

The twenty-second powwow was held in Logansport, Ind., and since that time it has been held in Logansport.

The twenty-third powwow was held in Logansport, Ind., and since that time it has been held in Logansport.

The twenty-fourth powwow was held in Logansport, Ind., and since that time it has been held in Logansport.

The twenty-fifth powwow was held in Logansport, Ind., and since that time it has been held in Logansport.

The twenty-sixth powwow was held in Logansport, Ind., and since that time it has been held in Logansport.

The twenty-seventh powwow was held in Logansport, Ind., and since that time it has been held in Logansport.

The twenty-eighth powwow was held in Logansport, Ind., and since that time it has been held in Logansport.

The twenty-ninth powwow was held in Logansport, Ind., and since that time it has been held in Logansport.

The thirtieth powwow was held in Logansport, Ind., and since that time it has been held in Logansport.

The thirty-first powwow was held in Logansport, Ind., and since that time it has been held in Logansport.

The thirty-second powwow was held in Logansport, Ind., and since that time it has been held in Logansport.

The thirty-third powwow was held in Logansport, Ind., and since that time it has been held in Logansport.

The thirty-fourth powwow was held in Logansport, Ind., and since that time it has been held in Logansport.

The thirty-fifth powwow was held in Logansport, Ind., and since that time it has been held in Logansport.

The thirty-sixth powwow was held in Logansport, Ind., and since that time it has been held in Logansport.

The thirty-seventh powwow was held in Logansport, Ind., and since that time it has been held in Logansport.

The thirty-eighth powwow was held in Logansport, Ind., and since that time it has been held in Logansport.

The thirty-ninth powwow was held in Logansport, Ind., and since that time it has been held in Logansport.

The fortieth powwow was held in Logansport, Ind., and since that time it has been held in Logansport.

The forty-first powwow was held in Logansport, Ind., and since that time it has been held in Logansport.

The forty-second powwow was held in Logansport, Ind., and since that time it has been held in Logansport.

The forty-third powwow was held in Logansport, Ind., and since that time it has been held in Logansport.

The forty-fourth powwow was held in Logansport, Ind., and since that time it has been held in Logansport.

RED MEN'S GREAT POWWOW.

PROBABLY THE LAST TO BE GIVEN BY THE ASSOCIATION.

AN HISTORICAL SPECTACLE

City of Logansport Gayly Decorated in

HIGHWAYS THE HOLY LAND

RAIL AND WAGON ROADS NOW IN OPERATION.

THE SULTAN NOT SO SELFISH

Forced to Yield with the Advance of Civilization—Where the Money Comes From—Our Consul's Report.

(Special to The Indianapolis News.)
WASHINGTON, D. C., August 5.—Recently in the dispatch reference was made to important improvements in the way of railroad building in the Holy Land, or as being favorably discussed by the Sultan of Turkey, who controls it. The main railway system is a line from Damascus to Mecca, and out from which, east and west, short lines are to be run, connecting the main line with the more important centers of that interesting country. A recent report to the Department of State by Consul Selah Merrill, at Jerusalem, adds a chapter on the wagon roads in Palestine. In Jerusalem and in several other Syrian cities, the electric light, scientific plumbing and drainage, the telephone, the bicycle, the graphophone, the camera, and last the automobile, have made their appearance, and have been welcomed with the most generous signs of popular approval. The long line of railway is intended primarily as a modern pilgrimage route to Mecca. It traverses the full length of Palestine from north to south, nearly paralleling the Jordan, through whose valley it runs, and is offering many invitations to modern commercial enterprises. It is perhaps the most important of all the improvements, but the others, when added to it, help make up a total which will fairly stagger the Bible student. For all of the countries of Asia in which Christianity is interested, and where it has tried to make itself felt for the good of the inhabitants, Palestine has been the most stubborn in resisting the encroachments of modern thought. The blight of Mohammedanism has fallen across it, and until recently it has shown less improvement, materially and otherwise, than any other land in the world, proportionately to the effort that has been expended in its behalf.

Where the Roads Run.

There are at present ninety-eight miles of substantial wagon roads in Palestine. Briefly they are described as follows by Consul Merrill:

1. Jerusalem to Yafa, forty miles; begun in 1883, but a number of years elapsed before wagons could pass over it, and it was not until 1890 that it was open to traffic. It is now a fine road, and takes twelve hours being required to go down to Yafa and fourteen to sixteen to climb back up the mountains. Thousands of tourists will remember the great discomforts of this trip. It was only in 1882, when the railroad between these two points became a certainty, that the road was built, and it has since been made comfortable for carriages.

2. Jerusalem to Hebron, twenty-three miles; completed in 1880.

3. Jerusalem to Jericho, about twenty-two miles; completed in 1888. Ten years were spent building this road, and it is now a fine one.

4. Jerusalem to the top of the Mount of Olives, about four miles; made in 1888.

5. Jerusalem to Bethlehem, nine miles; just completed.

Mr. Merrill says that one of the greatest thoroughfares in Palestine is that between Jerusalem and Nablus. For many centuries it has been nothing more than a camel path, in many places rough and stony, and in spite of the large and growing amount of traffic it was not until 1890 that an effort was made to connect the two cities by a carriage road. Early that year the route was surveyed and specifications sent to Constantinople, whence orders for the building of roads must come. Work was begun in the fall of 1890, and in March of the present year the first stage between these two cities, the distance between Jerusalem and Beth.

Why the Sultan Yields.
The Sultan is constitutionally opposed to expending money for public improvement anywhere in his domains, and he has been especially hostile to improvements in Palestine, because it is the geographical center of his kingdom, and he is unwilling to do anything that will magnify that religion in countries where Mohammedanism reigns supreme. But the pressure from the outside, which he has not been able to resist, has been so strong for years, and there has been so much agitation in the outside world regarding Palestine—the Zionists, however he can with the great Christian powers, is finally beginning to consent to certain improvements in the Holy Land. He is paying for the railroad from Damascus to Mecca, and the other branches may not be completed without some form of aid from the country itself. The wagon roads in Palestine have all been paid for with money wrung from poor-stricken inhabitants in the form of special taxes.

DIED IN HIS PULPIT.
The Rev. G. E. Hancock Stricken with Paralysis.
ABURY PARK, N. J., August 5.—The Rev. George E. Hancock, pastor of the West Park Methodist Episcopal church, died while preaching in his pulpit. Death was due to paralysis.

Pensions for Indians.
(Special to The Indianapolis News.)
WASHINGTON, D. C., August 5.—Pensions have been granted to Indians as follows:

Original—William L. Day, Laurel, 23; John Polson, Ft. Wayne, 23; Philip Wiseman, Alton, 23; Ephraim P. Shaffer, Paris, 23; James D. Lyon, Alton, 23; Kiles Pile, Darwin, 23; Burdine Harrison, Logansport, 23; Henry Smith, Thompson, 23; Austin M. Collins, Watkins, 23.

War With Spain (original)—Frederick A. Bristol, Ellettsville, 23; Mary Meyer, Decatur, 23; Mary Showalter, Peoria, 23; Sarah P. Bates, Ft. Branch, 23; Lucinda Taylor, Ellettsville, 23; Mary A. Wilson, Rushville, 23; Frances Palmer, Mahan, 23; Ada L. New, Jay, 23; Sarah S. Adkins, English, 23.

FRAGRANT
SOZODONT
a perfect liquid dentifrice for the
Teeth and Mouth

New Size SOZODONT LIQUID, 25c.
SOZODONT TOOTH POWDER, 25c.
Large LIQUID and POWDER, 75c.

"As a perfect and hygienic dentifrice, Sozodont is without an equal. Its beneficial action on inflamed and spongy gums should recommend it strongly to the dental profession. I have used it in my practice for some time past."
(Name of dentist on application.)
At all grocers, or by Mail for the price.

HALL & RUCKEL, New York

CHANCE FOR CAPITALISTS.

Manila Offers a Good Field for Investment.

NEW YORK, August 5.—Manila is a city of 350,000 persons, with practically no street car service. An electric street car line and light plant, an American department store handling American goods, and a good hotel are the city's most crying needs at present, and all these enterprises would pay enormous profits. Nor, contrary to the prevailing impression, is there any hindrance to the formation of stock companies to do business in the Philippines, says the Manila correspondent of the Tribune. Following is an extract from an opinion on this subject by the leading attorneys at Manila:

"We are of the opinion that a corporation duly organized in any State of the United States, in accordance with the laws of such State, can engage here in the business authorized in its articles (such articles should provide for the operation of the corporation in the Philippines) and that such corporation would have the undoubted right to acquire and hold property of all descriptions, including real estate in the Philippine Islands."

LONDON TRACTION ROW.

Yerkes is Holding Out Against the Ganz System.

LONDON, August 5.—The dispute between Mr. Yerkes and the Metropolitan Railway Company is the subject of much discussion in financial and railway circles. The Metropolitan and District Underground railway companies are practically committed to different systems of electric traction, and it is essential that the inner circle line, which is thirteen miles long and is partly owned by each company, should be worked by one method. Mr. Yerkes is said to have been very much favored by the Metropolitan directors, and it seems inevitable that the Board of directors, by remarking that the system of electric traction to be adopted by both companies.

Ducked Their COMRADE.

American Boys Resented Criticism of Their Country.

LONDON, August 5.—The Express publishes an extraordinary story this morning to the effect that three American boys recently found a comrade and dragged him into an ornamental lake in Hyde Park, known as the Serpentine, and then kept-hauled him under their boat. The victim is said to have been none other than the worst for his immersion. He was punished for infringing the rules of the "League of American Boys Abroad" by remarking that the United States was not as free a country as England.

IDENTIFICATION NECESSARY.

Physician Mails \$2,000 and Has Difficulty in Reclaiming.

SOUTH BEND, Ind., August 5.—Dr. Bianca, of Wheeling, W. Va., while at Ft. Wayne, Indiana, in a registered letter, which he forwarded to Mrs. Laurie Wilson, of Michigan City, and accompanied by the Michigan City official stood upon his rights, and the money will be sent back to Ft. Wayne.

Determined to Die.

Young Man, from Johannesburg, Who Committed Suicide at New York.

NEW YORK, August 5.—Louis Halpern, a young man who, about three months ago, tried to jump from the Brooklyn bridge, has committed suicide by swallowing carbolic acid and then throwing himself from a fourth story of a tenement house. Young Halpern came to this country about eighteen months ago from Johannesburg, South Africa, and he had left a note saying he was tired of life.

CO-OPERATIVE SCHEMES

In Latest Movement Department Store is Model.

WASHINGTON, D. C., August 5.—The new bulletin of the Department of Labor devotes some eighty pages to a most interesting compilation of data concerning co-operative communities in this country by the Rev. Alexander Kent, of Washington. Of course, the Shakers come in for the largest share of attention, as the oldest and in many respects the most notable of American societies of this class. The Amnash, the Zions, the Harmonists, the Quakers and the Ruskins communities, with others almost equally well known, are treated with considerable detail. But there are also several of the later growths, with which the general public is less familiar, yet which well deserve the notice they receive in this pamphlet. One of these is the Co-operative Association of America, its founder, Bradford Peck, is president of one such establishment in Lewiston, Me., and vice-president of another in Joliet, Ill., and has long cherished the notion that profit-sharing was one of the keys to success.

Mr. Peck has been the department store as his model. He is also frank enough to give credit to the modern trust organizations for suggesting methods of administration. The Co-operative Association of America, he declares, will unite as in one great world's department store every sort of our social and industrial life, eliminating the waste energies, providing employment so that all may be given work and share in the full product of this movement, which will be the "people's trust," with education for its foundation stone. "It will preserve the best of the old, by destroying the demon of selfishness so apparent among those who live for personal aggrandizement. It will unite capital and labor, thus destroying present wastes in strikes and shutdowns. It will remove the hell of war existing between individuals and corporations by creating harmony through co-operation. Through public ownership it will preserve the home."

FOUL IN THE YACHT RACE

NEW YORKERS' PREJUDICE AGAINST THE INDEPENDENCE.

BARR'S JOCKEYING TRICK

Lawson Refused to Make the Claim of Foul, and the Committee Took No Notice of It.

The yacht race Saturday between the Columbia and the Independence brought out more fully than any other of the many incidents which have happened this summer the decided feeling of hostility of the New York Yacht Club toward Thomas W. Lawson, owner of the Independence. The latter accounts of the race say that just as the yachts approached the line, waiting for the second signal to start, Captain Barr, of the Columbia, headed directly at the Boston boat, intending to come about at the last second, take the wind out of the Independence and dart across the line before the Boston yacht could recover.

The crack skipper, however, overreached himself. He bore down on the Independence until his bowsprit was

CAPT. CHAS. BARR, OF THE COLUMBIA.

above the rail of the Independence. In coming about, the great boom of the Columbia swung across the deck of the Independence, forcing several members of the crew to drop to the deck. It narrowly missed the mainmast and fouled the forward rigging, finally clearing without serious damage. Under the rules the Columbia should have been promptly disqualified, but Lawson refused to make the claim, and the committee on the judges' boat, close by, took no notice of the palpable foul.

It is asserted by several of the experts who saw the maneuver that the second signal was delayed six seconds, to enable Barr to complete his play. It failed, however, as Captain Barr edged his boat off after the foul far enough to get the wind, and held his advantage. The experts assert that, although the Independence was fouled by thirty-five seconds, she would, if handled with the same skill, have won easily and that she showed herself the fastest boat in heavy weather.

The Canadian Cup Races.

The first of the international yacht races between the Canadian Invader and the Cadillac, to determine the possession of the Canadian cup for the next year, will be sailed off Chicago harbor next Saturday. The Canadian challenger arrived in Chicago last week, and took her first trial spin yesterday. Her long, lithe body and graceful lines showed her to be a racer and extremely fast in light weather. Chicago yachtsmen who have examined the two boats are hoping for heavy weather, as the Cadillac is built on heavier lines. The conditions call for three in five races. The first will be over a triangular course of twenty-one miles, the second, which will be sailed Monday, will be out and back over a straightaway course eleven miles long.

Ollie Chili to Show His Skill.

An athletic entertainment has been arranged for Blackwell's Hall, nineteenth street and Martindale avenue, to-morrow night. It will give the opportunity for Ollie Chili, known in pugilism as Jack Ryan, to show what he has learned of the pummeling art since leaving here a year ago. Chili will give a six-round exhibition with "Spider" Garrity, of Chicago, and have another six-round go with Young Corbin, a local fighter, who is strong following in the northeastern part of the city. In this contest Chili will concede about twenty pounds to Corbin. Burger and Rose Pulliam will give an exhibition on the mat.

Bicycle Racers.

Bobby Walther again showed his superiority at the middle-distance game, Saturday afternoon, on the Manhattan Beach track, by defeating Archie Buchanan, Johnny Nelson and Jimmy Michael in a thirty-five-mile motor-paced race in 54:35. Harry Elkes will be a contender of the contestants, but his physician refused to let him ride. Frank Kramer defeated Walter Taylor in the half-mile national championship on the Valsburg, N. J., track, Saturday afternoon. They averaged 17.5 seconds for the 300 yards from the tape, when Kramer, who had been forced to lead, spun out and crossed the line on a wheel to the good. Taylor was beaten at his own game.

Another bicycle race will be broken tonight, when Walther and Stinson meet at Madison Square Garden in a fifteen-mile motor-paced race. Walther is the favorite, but Stinson will have to do better than the mark made for the Garden track by his opponent, Stinson holds the world's record for forty miles.

The National Championship Race Meet of the N. C. A. A. will be held this week in the Stadium at the Pan-American Exposition.

All of the crack professional and amateur riders will attend and as the track is said to be the fastest in the world racing men generally expect to see some good work, particularly in motor-paced events. The championships will be for one-quarter, one-third, one-half mile, and one, two and five miles.

Indiana Ball Games Sunday.

The Michigan City Grays defeated the Lafayette team, yesterday, being beaten 10 to 2. The game was played at Lafayette.

The Richmond Independent club defeated the Washington Court House team and "Woe Willie" fought yesterday, 5 to 1. "Little Willie" fought to bring his wonderful assortment of triples and home runs with him.

Hochstetler, at home, won a well-played game from the Ft. Wayne Black Hawks, 10 to 7.

The Seymour Reds added another victory to their credit by defeating Bedford 11 to 5. The routing of the Seymour cranks was one of the features of the contest.

The Cincinnati Navies visited Shelbyville and were beaten 5 to 1.

The Monroe Rustics took the Kokomo club to camp 4 to 1.

Formerly of Indianapolis, and more recently with Cleveland and St. Louis, has been signed by the Muscle Shoals team.

Horse Races at Frankfort, Ind. FRANKFORT, Ind., August 5.—There are now over two hundred horses quartered at the fair grounds, which will be seen this week during the race meeting that begins to-morrow. The program is as follows:

Tuesday—2:30 trot, purse \$200; 2:35 pace, purse \$200; half-mile run, purse \$100; Wednesday—2:30 trot, purse \$200; 2:35

WISHES TO BUY THE REDS

OFFER OF W. KELSEY SCHEOFF FOR CINCINNATI CLUB.

BRUSH UNLIKELY TO SELL

That is the Opinion of Mr. Lloyd, Who, with Brush, is a Heavy Stockholder—Schoepf a Traction Company Owner.

W. Kelsey Schoepf, one of the principal owners of the Cincinnati Traction Company, has asked John T. Brush and N. Ashley Lloyd, the heaviest stockholders in the Cincinnati baseball club, to put a price on their holdings in that city, as he is anxious to buy. As an evidence of good faith he has offered to deposit a certified check for \$50,000.

The offer has been communicated to President Brush, and Mr. Lloyd is now waiting to hear from him. Mr. Lloyd volunteered the information, however, that he did not believe that Mr. Brush would sell his baseball interests in Cincinnati. While the club has been a great disappointment this season, he had several times expressed himself to the effect that he intended to give Cincinnati a winning club before the season was over. The Cincinnati treasurer said that he was willing to sell his interest, and a deal might be arranged by which Mr. Schoepf would become a part owner in the team. He is now interested in the Pittsburgh club.

A deal of this sort would break any interest of the American League in Cincinnati, as Mr. Schoepf, as a director of the traction company, could easily make the question of transportation an effective bar to an American League club. An inquiry at Mr. Brush's home showed that he is out of the city, and his probable action in the matter could not be learned.

THE WESTERN ASSOCIATION.

Matthews Took One of Two Games—Exciting Game at Ft. Wayne.

Club. Played. Won. Lost. Pct. Grand Rapids..... 84 44 40 .514 Toledo..... 84 46 38 .536

Games Scheduled for To-Day.

At Columbus—Toledo at Grand Rapids. At Dayton—Cincinnati at Cleveland.

Marion and Matthews played two games yesterday and broke even. The Babes took the first game from the Infants through Suthoff's superior pitching, backed by perfect defense. The Marion batsmen had little difficulty in Sheppard's delivery in the second contest, while Ames had the Matthews hitters guessing.

There was much doing in the first five innings of the Grand Rapids-Toledo game. A questionable decision by Umpire Smink in the sixth inning enabled Toledo to score that proved to be the winning run, as neither could get a man across the plate in the last four innings.

Dayton won an exciting game from Ft. Wayne. The Indians, after trailing for seven innings, woke up in the eighth and sent four men across the plate, winning one of tying the score. Cogswell retired in time to prevent a tie, and retired the side in the ninth without a chance to score.

Baseball Notes.

Manager Griffith was put out of the game Saturday. This is his first offense in over a month.

Harry Pulliam, secretary of the Pittsburgh club, asserts that he has already signed several American League players to Pittsburgh contracts for next season.

Harry Bay as an emergency hitter is something of a novelty. Yet he rapped but a pretty hit when substituted for "Noodles" Hahn in the ninth inning of the Cincinnati-Pittsburgh game yesterday.

George Yeager has been signed as utility catcher by the Pittsburgh club. Jack O'Connor will not catch a left-handed pitcher, and Yeager will be called into play to catch a right-handed pitcher.

A dispatch from Memphis, Tenn., says that outfielder Clifford, of the Boston club, was unceremoniously "fired" off the team and tossed bodily out of the grounds Saturday by the Selma manager after trying to catch a high fly on the back of his neck. Clifford attempted for a few days to play second base for Indianapolis several years ago.

The Whitestockings are fortifying themselves against the long, hard Eastern trip which closes the season. They now have a commanding lead, and will have to fall off badly if they are beaten under the wire. The Boston club is badly in need of pitchers, and unless Munson, Collins or Armstrong, that position the Plymouth Rocks have little chance to win.

Sam Leever, the crack Pittsburgh pitcher, will probably not play again this season. He was hit on the pitching arm by Matthewson on the last Eastern trip to the Pirates and has been of little use since. It required the combined efforts of Secretary Pulliam, manager Clarke and O'Connor to keep him from deserting the club last night at Cincinnati and returning to Boston. There is a suspicion that some American League agent may have been tampering with the star box man.

General Sports.

Robert Fitzsimmons will deliver a lecture at Atlantic City, to-morrow night on "The Art of Self-Defense" for the benefit of the poor children of relief fund. There has been a big sale of tickets, and many women will hear the fighter talk.

A stop watch held on the Cincinnati and Pittsburgh players yesterday caught their time in going to first base. Beaumont covered the distance in 4 seconds; Bobbe, 4.5; Clarke and Richter in 5 seconds; Fox and Clarke, 5.5 seconds. The times were caught while the players knew nothing of it.

A telegram from Colorado Springs asserts that in the athletic contest held in connection with the Quatro-Centennial celebration Saturday night, Candaris de Boya, the Indian, ran the mile in 2 minutes, breaking the professional world's record three-fifths and the amateur record four-fifths of a second. It is said five watches agreed on the time.

"CURE ARCOLE" 5 DAYS--NO CUTTING

Are you afflicted with Varicose or its results—Nervous Debility, etc.? Are you nervous, irritable and despondent? Do you look old-time and weary? Are you growing weaker and weaker? Is there derangement of the sensitive organs of your system? Even though it gives you no trouble at present, it will ultimately unman you, depress your mind, rack your nervous system, and shorten your existence. Why not be cured before it is too late? I CAN CURE YOU TO STAY CURED, UNDER WRITTEN GUARANTEE. My SPECIAL METHOD of treatment is a positive, painless and permanent cure. Under my treatment the stagnant blood is forced from the dilated veins, all venous diseases disappear, circulation of pure blood is established, and you are strengthened in every way, mentally and physically. I can positively assure you the quickest, safest cure. Consult me to-day, by letter or in person. I can get you a happy life and a successful business career. Every train brings some patient from a distance to be cured. Railroad fare deducted from out-of-town patients coming to the office.

DISEASES OF MEN have made a special study of the treatment of Men's Debility, Nervousness, Rheumatism, Hydrocele, Blood Poison and Nervous Debility. Many cured patients will gladly testify to my success, skill and honesty in the practice of my specialties.

WAS BEATEN WITH A MOP

WM. HAMILTON ALMOST KILLED BY WM. LAUTERBACH.

THE MEN HAD QUARRELED

The Victim's Scalp Is Badly Cut, and There is Some Fear that His Skull was Fractured.

William Hamilton, laborer, fifty-one years old, living at 617 Patterson street, was assaulted and badly beaten this morning by William Lauterbach, who lives in the same house. It was thought at first that Hamilton was fatally injured, but the physicians at the City Hospital, where he was taken, say that he will probably recover. Lauterbach used a floor mop, and when the mop broke off he continued the assault with the jagged handle. Bicycle patrolmen Hauser and Trimpe, who were called, found Lauterbach about four blocks from his home running in the opposite direction.

An investigation showed that Hamilton and Lauterbach quarreled yesterday because some one had said that their children had thrown stones at each other. Hamilton left the house this morning with his lunch bucket, and when he was passing North street Lauterbach slipped up behind him with the mop. Hamilton's scalp is badly cut, and there is fear that his skull is fractured.

PENTECOST WEEK OVER.

About Eight Thousand Dollars Raised

The last of the meetings of the Pentecost Band at Pennsylvania and Thirty-fourth streets was held last night, and to-day the workers returned to their home fields in various parts of the country. It is said that about \$8,000 was raised during the week. Yesterday was a busy day, the services beginning at 6 a. m. and continuing until nearly midnight. The principal event of the morning was the love feast, and after dinner the first service was the singing, consisting of testimonies and songs.

The foreign missionary meeting was the big event of the afternoon and was led by the persons who will go from the band next spring to the various mission fields. A baptismal service was held later in the afternoon and about twenty-five converts were baptized in the waters of Fall creek. The last service of the day began at 7 o'clock and continued nearly five hours.

Notes of the Churches.

The pulpit of the Hall-Place Methodist church was occupied yesterday afternoon and evening by President Gobin, of DePaul University. In the morning he preached on "The Created Kingdom."

The Rev. Burris A. Jenkins, a former pastor, preached at the Third Baptist church yesterday morning. His text was, "I come not to destroy, but to fulfill." In the evening, he preached in West Indianapolis.

The Rev. Addison Parker, of Delphi, Ind., preached at the First Baptist church yesterday morning. The pulpit will be occupied next Sunday by the Rev. Robert D. Landis, recently pastor of the First Baptist church, of Lafayette, Ind.

Greenwood Line Improvements.

Joseph D. Halbert, the newly elected passenger agent of the Indianapolis, Greenwood and Franklin electric line, is engaged in putting the roadbed between Greenwood and Franklin in fine condition, and says the south end of the line will soon be as good as that between Indianapolis and Greenwood. He is also giving much attention to Greenwood Park, and promises many improvements in the near future.

Franklin Lodge, Improved Order of Redmen, will hold a picnic at the park August 12 and 13. The Modern Woodmen, September 2.

Irrington Town Board's Troubles.

The new Irrington Town Board is having its first experience with contractors and inspectors. Saturday night it was reported that portions of Layman avenue and Green street walks, which were to have a surface of one and one-half inches of top coating, had only three-fourths of an inch. The contractor and inspector contended that an inch and a half was unnecessary. The board told the inspector that his preference was not to be considered. He is also giving much attention to Greenwood Park, and promises many improvements in the near future.

Labor Day Program.

At the meeting of the Labor Day Committee yesterday the program of amusements outlined by the amusement committee was adopted. It provides for horse races as the principal feature of the day. The question of gambling and intoxicants on the grounds did not come up, but it is understood that the grounds and private committees is opposed to this. It is not likely that either will be permitted. The parade committee was instructed to permit any union firm that desires to do so to have a float in the parade.

Injured by a Greenwood Car.

Capt. Gideon Johnson, of Franklin, was struck by an electric car at Greenwood Park last evening, and seriously injured. Mr. Johnson, who is almost blind, was with his son on the platform, waiting for a car. When the car came in sight it was signaled by his son, but the motorman failed to notice the signal, and did not abate the speed of the car, which knocked Captain Johnson from the platform. His chief injuries are about the head and face.

Death of Mrs. Jay Voss.

Mrs. Mary Elizabeth Voss, wife of Jay G. Voss, died yesterday, of peritonitis, after a brief illness, at her home, 62 North Pennsylvania street. She was the daughter of Mr. and Mrs. C. B. Cline, was born thirty-four years ago in Kentucky, and removed to this city when seven years old. She was greatly beloved by a large circle of friends, and took prominent part in much charitable work.

Funeral of Theodore Truckee.

The funeral of Theodore Truckee, a blacksmith, of Landerdale, Morgan county, will take place to-morrow afternoon, from the home of his sister, Mrs. Ralph Truckee, 129 Nordyke avenue. The burial will be at Crown Hill. His death occurred Saturday evening while sitting on a porch at a grocery at Landerdale, talking with friends. The cause of death was valvular disease of the heart. He was fifty-eight years old.

Workhouse Prisoner Dead.

Melissa Snyder, a colored woman well-known in police circles, was found dead yesterday morning in her cell in the workhouse, where she was serving a sentence. Coroner Bryanton said death was due to weak heart action. The woman was a morphine and cocaine addict of the worst type, and a week ago she tried to kill herself by jumping into the canal, but was pulled out by the police.

Park Theater's Opening.

The first offering of the new season at the Park Theater is "At Cripple Creek," which will be there all of this week. The theater has been put in attractive condition for the opening of the season to-day. The company arrived yesterday from Richmond, where it appeared Saturday. It rehearsed in Detroit last night.

MISS PAULINE ASTOR.

A London report says she may not become the bride of the Duke of Roxbury, to whom she is engaged, because the Duke is plagued over Mr. Astor's economic attitude concerning the marriage of his daughter.

THROUGH THE MICROSCOPE

I'm glad Amanda warned me 'fore I went to town—
Because the sharpers have the business down so fine—
That people there are buyin' artificial ice
That I'll be burned if I could tell from genuine.

"Is your dyspepsia giving you much trouble now?"
"Trouble! Why, I'd be willing to go in debt a thousand dollars to get rid of it."

The price of coal has risen again, but what do we care now? We have plenty of gas!

"We are going away for two weeks, Mary."
"Two weeks! Why, if ye had as much style as ye pretend to have ye'd go away for two months and give a girl a rest."

"Women are financiers," said a Central-avenue man. "I examined our ice-box last evening, and in it were a piece of butter the size of a walnut, a half pint of milk and two bottles of beer. In the ice-chamber were a two hundred-pound chunk of ice and nearly half of another one—value 60 cents."

"What did you say about it?" asked a friend.
"Nothing. I drank the beer."

Choice of Experts.
